

# COMMUNITY DIRECTOR UPDATE

APRIL 2025

## COMMUNITY NEWS

**The Tenant Satisfaction Survey** began on March 3rd. To those who have taken the time to provide your feedback, thank you! In addition to providing invaluable input to improve our services and enhance our community, completing the survey also enters you for a chance to win one of our many prizes!

Please take a few moments to participate when you receive the survey – **Your voice truly matters!**

Our team will be actively engaging with our community with knock and talks and phone calls, to answer any questions you may have and assist you with locating your survey so that your feedback can be included in this year's survey!

**Don't miss your chance to offer your *opinions and suggestions* and enter to *WIN weekly prizes and a chance at \$250 & \$750!* [CLICK HERE!](#) to have your survey texted to you.**

**Month of the Military Child...**Make Your Mark Mural is going on **ALL** month long. We want to recognize all of our military children here at Langley. We invite you all to stop by the off base Welcome Center or Main Base office to leave your handprint on our mural. We do ask that minors be accompanied by a parent or guardian.

A weekend of thrilling aerial performances, interactive exhibits, and family-friendly activities. This free, public air show will feature more than a dozen aerial performers, including the USAF Thunderbirds, ACC F-22 Demo Team, and USAF Heritage Flight.

## **MAINTENANCE TIP**

### **HVAC System Tips**

- Set your thermostat to 75 degrees or higher - An air conditioning system is designed to accommodate up to a 20-degree difference between the outside air and inside air.
- Keep your AC setting on AUTO - Fan "AUTO" ensures that air is conditioned before it is delivered.
- Replace filters at least monthly and twice monthly with pets in the home - Filters can be picked up at both offices in our Self Help area.
- Keep vent open and not blocked - Any blockage of a vent or air return by a piece of furniture may cause failure of the HVAC system.
- When able, keep the doors to your rooms open - Closing doors blocks the ability of systems to draw air from a space and may cause over or under air conditioned spaces.
- Close and latch windows - This will prevent air to flow escape. Shutting blinds and curtains during the day can help to keep rooms cooler.

*If you have already contacted our local Management and Housing office team and are not satisfied with the outcome, or if you have words of praise to share, we encourage you to reach out to our senior management.*
